

Our Weekly Activity Fun!

Hi Everyone! Hope you have had a wonderful weekend.

Time for some Superhero fun this week! We hope you enjoy all the activities!

Have a great week!

This week our story is 'Supertato' by Sue Hendra

Grab your teddy and have fun listening to the story!

<https://www.youtube.com/watch?v=rze89HB9u8g>

Here are some exciting activities you can do which link to the story:

- Can you make a Supertato of your own? You can decorate a potato by either drawing on it using felt tip pens or using scraps of material and any shiny or coloured paper. Don't forget his cape!
- You could use some junk to make a pea trap to catch those evil peas!
- Why not have a go at potato printing. It's easy to cut simple shapes in the potato, maybe you can make a repeating pattern with colours or shapes.
- How about learning a new rhyme this week! On the vegetable theme this is a great one! One tomato, two tomatoes
- <https://www.bbc.co.uk/teach/school-radio/nursery-rhymes-one-tomato-two-tomatoes/zf2kbdm>
- If you make some playdough you can use a potato masher to make shapes in the dough or even better make cook some real potatoes and have a go at mashing them and then eating some, yummy!

Let's get active!

- What about having a home Sports day! (Usually we would be practicing for the school Sports day so why not have your own. You can try the egg and spoon race using a big spoon and a ball, skipping or a hopping race. There are lots of things to have a go at. If you have brothers and sisters then you could have a three legged race or a wheelbarrow race! Have fun!
- Using some playdough have a go at doing some dough gym to the song, 'If you're happy and you know it'
<https://www.youtube.com/watch?v=DrBsNhwzgc>

Let's explore!

- Can you find out how strong spaghetti is? Use a bunch of dry spaghetti and something like wooden bricks or some small tins and packets. Balance the spaghetti on two similar sized blocks and make sure the ends are weighed down then you can add things on top. You will be surprised how much weight the spaghetti can stand!
- You can try making a fantastic lava lamp! All you need is;
 - an empty water bottle
 - vegetable oil
 - water
 - food colouring
 - Alka-Seltzer tablets

Fill the bottle about 2/3 full with vegetable oil. Fill the rest with water, leaving a space at the top. Add the food colouring, mix with a stick. Now for the magic! Break the Alka-Seltzer tablet into four pieces. Put in one piece at a time, and watch what happens!

Why not try some singing, rhyme time, music making and dancing this week... grab your musical band and off you go!

- What about dancing along to, 'One finger one thumb keep moving'
<https://www.bbc.co.uk/teach/school-radio/nursery-rhymes-one-finger-one-thumb-keep-moving/zbtj47h>
- Have a go at playing musical statues or musical bumps using some fun music to dance to!
- Listen to sounds you find in the kitchen! Join in with a fun song time at;
<https://www.bbc.co.uk/teach/school-radio/ks1-primary-school-songs-the-kitchen-sink/znxsf4j>

- Have you tried making a shaker yet, using any junk with a lid and some dried rice or pasta or a guitar using a box and some elastic bands. Then you can play along to your favourite music!

Maths Fun- Have a go at some different counting activities this week...

- If you have a dice you can play, Roll it, Count it, Write it. Great for counting and having a go at forming the numbers.
- You can play a Superhero game. Have some pegs and draw or cut out some pictures of your favorite Superhero's. Then stick each one to a peg. Write numbers on the edge of a piece of paper. Now you're ready to play! Roll the dice and peg the superhero to the corresponding number.
- How about doing a shoe sort. Collect some pairs of shoes and put them all in a box. See how fast you can put the pairs together. When you have finished, count how many shoes and how many pairs you put together. Don't forget to put all the shoes back when you have finished!

Phonics Fun!

- Perhaps you can practice writing your name using a carrot! Dip the pointed end of the carrot into some paint and have a go at writing!
- Can you do some secret writing? You can use a white crayon to write some letters on a piece of paper and using some watery paint, cover over the paper with the paint and the letters suddenly appear. Magic!
- Write some letters on to pegs that will make up words. Then write some CVC words on pieces of paper. Match up the pegs to the letters sounding out the letters and completed word.
- Have a go at Silly soup using things beginning with p, don't forget the rhyme!

I'm making lots of silly soup

I'm making soup that's silly

I'm going to COOK it in the fridge

To make it nice and chilly!

We love seeing and hearing about all the lovely things your child is doing on Tapestry- we are so proud of them all! Remember to upload when you can!

Have fun and stay safe!
