Bitesize - Mathematics - Number work Activities to support work on decimals, fractions, percentages, operations and much more!

Mental Maths Boost your mental math skills with this quick-fire game.

Mrs Wilson, Mrs Stanley and Mrs Thorpe's recommended book

Understanding English, Communication and Languages

We are looking at the animated short film *Powerless*. An animated story where a robot has lost power but then awakens alone and confused.

We will be writing a diary entry from the perspective of the robot. We will also be writing our own version of the story introducing a different character.

Understanding the Arts

During Art/DT lessons we will be studying the artist Georgia O'Keefe. She was best known for her paintings of enlarged flowers.

Children will be looking at and talking about the paintings of Georgia O'Keefe. They will be producing artwork of their own in her style mixing tints and shades to give their paintings more depth.

Mathematical Understanding

The main areas we will be continuing to develop with the children this term are: Multiplication and division

Computing

Children will be looking at Digital Literacy – Using research skills.

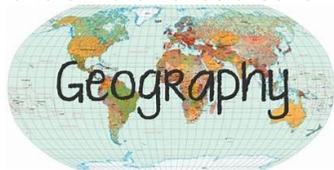

We will of course be continuing to reinforce e-safety and the importance of staying safe online.

Topic - Historical, Geographical & Social Understanding

This term in RE we will be looking at Buddhism. Children will find out where Buddhism originated, about special places linked to Buddhism and about key festivals in Buddhist life. The children will also learn about symbols in Buddhism, the Buddhist holy book and the main beliefs held by Buddhists.

In geography we will look at using our map skills and looking at different hemispheres and climate zones around the world.

Year 3/4 - Term 3 Shhh who goes there?

Mrs Wilson, Mrs Stanley & Mrs Thorpe

Scientific & Technological Understanding

This term we will be looking at electricity. The children will learn to develop a deeper understanding of circuits, symbols and different electrical components.

Understanding Physical Development, Health & Well Being

Our P.E. slot will remain on a Wednesday afternoon but it is advised that children have a kit in school at all times. This term we will look at gymnastics and football skills

Our Jigsaw topic will focus on 'Dreams & Goals'

We will be looking at how children think about their hopes and dreams, their goals for success, what personal strengths are, and how to overcome challenges, via team work skills and tasks.
