Our value this month is 'Love'. Teaching and learning is grounded in love, by ensuring we support and work together in happiness to result in meeting our full potential. We introduced our new value by giving the children time to think about what love is, who shows us love in our lives and what signs of love we see every day. We talked about the importance of loving ourselves - if we can love ourselves then we can learn to love others. We have enjoyed stories such as 'The Good Samaritan' and 'Guess How Much I Love You?' in assembly time, Love activates, empowers and encourages the growth of our other core values.
